The Power Behind Performance

CROWN BATTERY MANUFACTURING CO. | FREMONT, OH USA | www.crownbattery.com

The Power Behind Performance

For People Who Put Performance Above Everything Else.

For over 90 years, we have made only two things: **Batteries. And History.**

With the diversity of today's automotive world, the battery you choose has to have a worldwide pedigree.

Crown Battery's sales offices and distribution centers operate across North America – with authorized dealers and sales agents in more than 55 countries throughout the world. And we are proud that these are all technically savvy battery people. Not just salesmen. But experts who can answer all your questions, and guide you through testing products, solve problems, and get you the right product for your specific application(s).

As the worldwide demand for high-performance batteries continues to grow, Crown Battery's global role is growing, too – not only as a supplier of quality batteries, but also as a prime innovator of lead-acid battery technologies that provide “power” opportunities all over the world.

Maybe it's time you took a closer look at Crown. We're ready to talk. Anytime.

65-XD

• **CleanFit™ Maintenance Free Cover**

The CleanFit™ cover design affords clean, maintenance-free operation, ease of fitment – and a durable recessed handle for safe handling and installation.

• **Innovative Terminals**

Heavy duty terminals resist corrosion and optimize durability and efficiency in tough operating environments.

• **PosiWrap™ Envelope Separators**

PosiWrap™ separators reduce maintenance and prevent failure due to short-circuiting and plate shedding, ensuring reliability and durability.

• **Tough Connectors**

Thicker SolidCast™ COS, TTP and Terminal Post connectors for premium performance and reliability.

• **SolidCast™ Plate Construction**

Crown's full frame SolidCast™ grids utilize uniform wire thickness across the grid structure to hold and retain active materials for longer life and better reliability.
