

Convenient Power.

Looking for a Small, Convenient Battery that has Everthing Built in?

Then Take a Look at Crown Battery's Power Pak

Features of Power Pak:

- Fully automatic DVDT/5 Diode Light indicators timer, which conserves energy and also protects battery from over-charge.
- Manual timer available.
- Single phase/60 hertz charger can be hooked up anywhere, anytime to any standard 110 a.c. outlet that is available.
- 12 and 24 volt batteries available in other types and dimensions.

These batteries come with a built-in automatic charger that offers a lot of versatility to companies of all sizes.

The Power Behind Performance
